## INSTRUCTIONS

It is recommended to not use any kind of masking tape on the surface to avoid damage. Instead, use nailing pressing method to press sheet on plywood/ MDF.

Exposure to direct sunlight can prove detrimental. Also avoid contact with any hot cookware directly over the laminate. Consistent exposure to temperatures above 30-35 degrees celsius can cause severe adverse effects to the laminates.

1. Treelam expressly disclaims any representation or warranties of any kind, whether express or implied, as to the accuracy, currency, completeness and/or the merchantability or fitness for a particular purpose of any information contained in or provided via this documentation and/or any service or product described or promoted in this document.
2. It is the customer's responsibility to thoroughly examine the product by a qualified person, to determine whether it is suitable for the application it was purchased for.
3. Woodero is for indoor use only and should not be exposed to direct sunlight in any form.
4. Woodero Laminates is a registered trademark.
5. Images and colors should be used as a guide only.
6. Treelam warrants that its products are free from manufacturing defects and they are suitable for use under normal conditions. Product must be inspected prior to installation. "NO GUARANTEE, WARRANTY of the product."
7. Use suitable adhesive for pasting these sheets.
